LOOKING UP WITNESSES IN CASE AGAINST GENERAL SALAZAR

United States Attorney's Office Is Busy Engaged in Hunting Men Who Appeared in Former Case Against Mexican.

The United States attorney's office here is busily engaged in locating a considerable number of witnesses who appeared in the former case against General Jose Ynez Salazar, now under arrest in Texas charged with violation of the neutrality laws, and who is still under indictment in the United States court for the district of New Mexico for a similar offense. Salazar, who it is alleged gave the order which resulted in the execution of young Captain Fountain under the so-called "treaty" law, by which the prisoner is permitted to run while soldiers shoot at him, was caught in the recent exodus of federalists from Mexico. He could not furnish bond and an order for his removal to the New Mexico district is expected within a short time. He will be taken to Santa Fe to be held for appearance probably at the April term of United States court.

Roswell Court February 7th.

Judge Pope, who has been in St. Louis holding court for several weeks, is expected to return to New Mexico in the next few days and will open a term of United States court at Roswell Monday, February 9th. A considerable volume of United States business, chiefly originating in the Pecos valley, is set for hearing. The court will go from Roswell to Los Cruces to sit there for the first time.

ADVANCE SEAT SALE TO DIXIE QUINTETTE ASSURES BIG HOUSE

The rapidity with which the seats went this morning when the advance sale opened for "The Dixie Quintette" clearly indicated that the people of Albuquerque love a good, high grade entertaining minstrel show and that the Elks' theater is going to be filled when this famous

organization of minstrels appears Saturday night. The pictures on the play bills of these minstrels are enough to assure they are good ones, but it is significant that all the press comment is most favorable and in fact enthusiastic. The Woman's club has been exceptionally fortunate in procuring this first-class Redpath Lyceum bureau attraction and the theatergoers of this city are going to be deeply indebted to the ladies for a very merry and enjoyable evening.

SPECIAL TRAIN FOR THE FLOOD BOUND PASSENGERS

Santa Fe Provides Limited Equipment for Those Held by Washouts in California; Schedule Again Working.

SPECIAL TRAIN FOR MOTION PICTURE TROUPE

Raymond-Whitcomb Excursion Will Spend Four Hours in Albuquerque Tomorrow; Limited People Like Sunshine.

(By Leased Wire to Evening Herald.)

* Los Angeles, Cal., Jan. 29.—Two hundred and forty-one railroad passengers who have been marooned at San Luis Obispo since Saturday, owing to washouts resulting from the worst storm of several years, arrived today on the steamer Santa Clara. The steamer leaves tonight for Santa Barbara to pick up aboard travelers who have seen marooned at that point.

• * * * *
The serious track trouble caused by the recent floods in southern California is over and the eastbound schedule practically was normal for today's trains. This morning's No. 19 train was on time and was followed at 9:25 by a second section, carrying limited equipment and some 80 passengers who were delayed by the washouts. The special was made up at Barstow and carried dining, buffet and observation cars.

Special Motion Picture Train.

Tomorrow's California limited will arrive here in four sections, the first being a special train carrying the Carolina Moving Picture company of some eighty people. The special is scheduled to stop here for an hour.

The second section will be a Raymond-Whitcomb excursion, the schedule of which calls for a stop of four hours in Albuquerque.

Today's California limited will be in its two sections, some 165 people, about the average load for many weeks past. According to Capt. R. M. Spivey, special agent for the Grand Canyon line, the limited passengers have learned to look for the sunshine, and exercise of the half-hour on the Albuquerque platform.

Passengers Look for Sunshine.

The almost certain sunshine of Albuquerque is becoming well known to passengers on the limited trains, said Captain Spivey this morning, and they are learning to anticipate the half-hour stop here with pleasure. This morning's trains for instance, encountered cold weather and snow at all points west of Dodge City, but here we have the usual blue sky and warm sunshine and every passenger goes away talking about it. It should be an easy matter to advertise the Albuquerque sunshines, for it certainly has demonstrated its dependability during the present winter."

It adheres to any surface, wood, stone or brick, spreads and looks like oil paint and costs about one-fourth as much.

Write to Mr. A. L. Rice, Manufacturer, 619 North St., Adams, N. Y., and he will send you a free trial package, also color card and full information showing you how you can save a good many dollars. Write today.
